

# RITE TRACK

---

Rite Track's Proud Parenting program, works to help young parents prepare for-- and celebrate-- the new additions to their family. Baby showers for our new and expecting young parents provide the opportunity for them to experience something many would not otherwise have the opportunity to experience due to a lack of resources.

Our most recent baby shower brought our young parents together with family members and staff for an afternoon filled with games, food, laughter, gifts and unforgettable memories. Each expecting parent received a special gift to help support them during the early stages of this new adventure-- a basket containing diapers, wipes, bottles, bibs and toys.

Congratulations to all of our new parents!
